The Chief line of crossover stairs have the best skid resistant treads on the market.

These steps are not only durable and long lasting, but provide safe and secure access to containment areas. Choose from five cross over sizes and three extension options to meet and exceed any containment application need. We also offer Step Riser packages for crossovers needing an extra step.

- // Available in 3, 4, 5, 6, & 7 step options.
- // Clears containment walls up to 57" or up to 65" with our Step Riser.
- // Step Extensions come in 2.5 feet, 5 feet, and 10 feet.
- // Perfect for any size facility
- // Provides quick & easy access
- // Crossovers can be powder coated in the Standard BLM or Company color by request
